

B-TREUH

NCT03787303

Study of Euthyroid Hypothyroxinemia in Metastatic Breast Carcinoma

Shruti Trehan, MD

April 14, 2022

STATISTICAL ANALYSIS

Statistical Methods

- ◆ Compared mean scores over time to identify whether there were differences over time periods.
- ◆ Repeated measures analysis of variance (ANOVA) over 4 time periods to see if there was a statistical significance.
