

## CONSENT FORM OF RESEARCH PARTICIPANTS

### Sahiwal Teaching Hospital, Sahiwal

Case no. \_\_\_\_\_ Date: \_\_\_\_\_ Study center: \_\_\_\_\_

**Project Title:** comparison of post -operative analgesic effectiveness of bupivacaine and bupivacaine plus dexmedetomidine wound infiltration in abdominal surgeries under General Anaesthesia

**Name of Research supervisor:** Dr. Muhammad Shahid

**Designation:** Associate Professor Anesthesia & ICU,  
Sahiwal Teaching Hospital, Sahiwal.

**Name of research in charge:** Dr. Hafsa Tariq

**Department:** Anesthesiology Department, SAHIWAL  
Teaching Hospital, Sahiwal.

**Contact No:** 0321-6935010

#### **Purpose:**

To compare post -operative analgesic effectiveness of bupivacaine and bupivacaine plus dexmedetomidine wound infiltration in abdominal surgeries under General Anaesthesia.

#### **Procedure:**

Every patient will be explained the purpose of the study and requested to give his/her consent for participation.

**Possible risks:**

There is no harm to participants in this research project.

**Possible Benefits:**

All the tests of the patients participated in this study will be guided for treatment.

**Financial Consideration:**

There will be no financial burden on the patient. The financial benefits gained will be free of cost testing for the participant.

**Confidentiality:**

All the records will be confidential and identity will be treated with confidentiality. The result of the study will be published for scientific purpose.

**Exit from study:**

Every participant will have all the rights of getting excluded from the study even if the consent form is signed.

**Authorization:**

I\_\_\_\_have been informed about the details and application of the study. I understand completely. I understand that the study will not involve me with hazards. I have gone through the contents of the Proforma and I am willing to cooperate for the completion of this data.
