Protocol: The Cancer Experience Registry® An Online Survey Research Study to Understand the Experiences of Those Impacted By a Cancer Diagnosis
Salus Number: 23044

Dear Erica E Fortune, PhD:

Thank you for submitting the requested check-in report to communicate the progress of your research, originally approved by expedited review as permitted under 45 CFR 46.110. An administrative review of the information provided has been performed to assist in assuring adherence to your reporting obligations. In accordance with 46 CFR 46.109(f)(1)(i) continuing review of this research is not required. Salus IRB does continue to require submission of an annual check-in report until the study is closed.

Date of Next Check-In: February 18, 2027

Please continue to:

1. Report any serious and/or related unanticipated problems or protocol violations involving risks to study participants (or others) within 10 days of awareness.
2. Obtain IRB approval from Salus prior to implementing any modifications or changes to the approved research plan.
3. Submit a new check-in report of your study activities on or before the next check-in date noted above.

We appreciate having the opportunity to work with you on this project. Please reach out to our administrative staff if you need any assistance during your study.

Sincerely,

Administrative Review Team
Salus IRB
