## **DECISION**

2020-06-16

### **Applying Research Leader**

Karolinska Institutet

### **Researcher responsible for the project**

Karl Ekwall

### **Project title**

Double-blind controlled randomised study of fatty acid supplementation in cystic fibrosis and its influence on clinical status and metabolism.

### **Present change**

Application registered 2020-05-26. Basic application approved 2019-01-16 by the Stockholm division 2 medicine with reference number 2019-00359.

The Ethical Appeal Board decides according to the decision below.

### **Decision**

The Ethical Appeal Board approves the research which is described in the application for change.

---

On behalf of the Ethical Appeal Board

Rikard Backelin,

Chairman

The decision has been made after presentation of the report by the scientific secretary Gabriela Spulber.

---

### **The decision is sent to**

Responsible researcher: Birgitta Strandvik
