INFORMED CONSENT FORM

I have been invited to participate in research about “Effect of Anodal Transcranial Direct Current Stimulation on Naming in Aphasic Patients with Acute Ischemic Stroke”. I have read the foregoing information, or it has been read to me. I have had the opportunity to ask questions about it and any questions I have asked have been answered to my satisfaction. I consent voluntarily to be a participant in this study.

Statement by the researcher/person taking consent

I have accurately read out the information sheet to the potential participant, and to the best of my ability made sure that the participant understands that the following will be done:

1. Detailed history and physical examination will be done.

2. Transcranial direct current stimulation will be done.

I confirm that the participant was given an opportunity to ask questions about the study, and all the questions asked by the participant have been answered correctly and to the best of my ability. I confirm that the individual has not been coerced into giving consent, and the consent has been given freely and voluntarily. Individual has every right to opt out of this study at any point.
