

DynaSSaur

Consent form: People with CF

Full study name: Dynamic Chest X-ray with Simultaneous Spirometry

IRAS: 322890

Principal investigator: Dr David Green
Co-investigators: Professor Martin Walshaw
Dr Dilip Nazareth
Dr Freddy Frost

1. I confirm that I have read the Participant Information Sheet dated 20/09/2023 (version 3.1) for the above study. I have had the opportunity to consider the information, ask questions, and have had these answered satisfactorily.
2. I understand that my participation is voluntary and that I am free to withdraw at any time without giving any reason, and without my medical care or legal rights being affected.
3. I understand that my data will be stored securely on NHS servers or within locked areas of LHCH, in line with NHS data protection regulations, GDPR (General Data Protection Regulation), and DPA (Data Protection Act 2018). GDPR and The DPA are designed to regulate how data should be handled appropriately to protect personalised information.
4. I understand that if I withdraw from this study, the researchers may keep my information for further analysis. We routinely keep this information for up to 20 years.

- 5. I understand that relevant sections of my medical notes and data collected during the study may be looked at by members of the study team where it is relevant to my taking part in this research. I give permission for these individuals to have access to my records.
- 6. I understand that the information collected about me will be used to support other research in the future and may be shared anonymously with other researchers.
- 7. I understand that the information held and maintained by LHCH may be used to help contact me or provide information about my health status. As part of this, I understand that my GP may be contacted if there is clinical information that they need to know or act upon.
- 8. I agree to take part in the above study, which will involve a review of my medical notes as well as attending LHCH for a dynamic chest X-ray and spirometry (breathing tests).
- 9. I understand that any information I write in the questionnaire 'free text' box may be published, in a completely anonymous form, by the study team.
