

CONFIDENTIAL

Case Report Form

Clinical Trial Protocol No. URSO – 003

Version 2, dated 17 August 2022

Multi-Center, randomized, control, phase IV trial to compare the efficacy & safety of Ursoplus® capsules (UDCA 250mg & Silymarin 140mg) versus UDCA alone versus Placebo among Compensated Chronic Liver Diseased Patients

Please use a ball point Blue pen

Investigator's Name and Address:

General instructions:

- 1- A CRF must be completed for each study participant who is successfully enrolled (successfully screened)
- 2- Please write legibly upper case/capital letter is preferred e.g. CASE REPORT FORM
- 3- . All entries must be made preferably in blue ballpoint pen
- 4- Do not leave any question unanswered.
If the answer to a question is unknown/ for missing information.
Please enter:

NA - if data is not applicable or not available.

NK - if information is unknown.

ND - if procedure not done
- 5- If you make an error, please strike through original entry (e. g. ORIGINAL), re- enter the data immediately above the old entry, and initial and date the correction. However, If you make an error on the description for adverse event or medication / non – drug therapy, please strike through original entry. Re-enter the data in the space below the start date, and initial and date the correction. Please do not use white – out or obliterate information.
- 6- Patient should be identified by patient number and initials in the CRF. If reports or clinic /hospital records are attached to the CRF, the patient name must be blocked over completely with a black marker and the patient number and initials entered.
- 7- Use leading "0's" to complete entire field.
- 8- All CRF pages must be reviewed and signed by the investigator participating in the study.
- 9- All text and explanatory comments should be brief
- 10-Answer every question explicitly; do not use ditto marks

I am confident that the information supplied in this case record form is complete and accurate data. I confirm that the study was conducted in accordance with the protocol and any protocol amendments and that written informed consent was obtained prior to the study.

Screening Visit
Initiation Visit

Numeric fields

1- **Enter** only 1 digit in each box, with a leading 0 when necessary

2- Record all values in the unites indicated on the CRF

Confidentiality

Patients must only be identified by the subject identification ID (Center number, Patient number

Adverse Event Log/Concomitant Medication Log

If additional pages of adverse event and / or concomitant medication log are required, please make a photocopy of a blank adverse Event log / concomitant medication log and complete the information. The original page will be sent to data management and a photocopy retained at Minapharm and investigator site

Dates

- All dates are to be reported in the format DD/MMM/YYYY
- The month is to be reported as the first three characters of the month, e.g. 01/AUG/2012 the month abbreviations are as follows:

| | | | | | | | | |
|----------|---|-----|--------|---|-----|-----------|---|-----|
| January | = | Jan | May | = | May | September | = | Sep |
| February | = | Feb | June | = | Jun | October | = | Oct |
| March | = | Mar | July | = | Jul | November | = | Nov |
| April | = | Apr | August | = | Aug | December | = | Dec |

3- In the absence of a precise date for an event or therapy that precedes the participant's inclusion into the study, a partial date may be recorded by recording "NK" in the fields that are unknown e.g. where the day and month are not clear, the following may be entered into the CRF:

| | | | | | | | | |
|----|---|-----|---|---|------|---|---|---|
| 0 | 0 | M | A | R | 2 | 0 | 0 | 9 |
| DD | | MMM | | | YYYY | | | |

Center Numbering:

Enter the center number (2 digits),

- Research Center of Air Force Specialized Hospital = 01
- Helwan University Hospital = 02

e.g.

| | | |
|------------|---|---|
| Center N°: | 0 | 1 |

Screening Visit
Initiation Visit

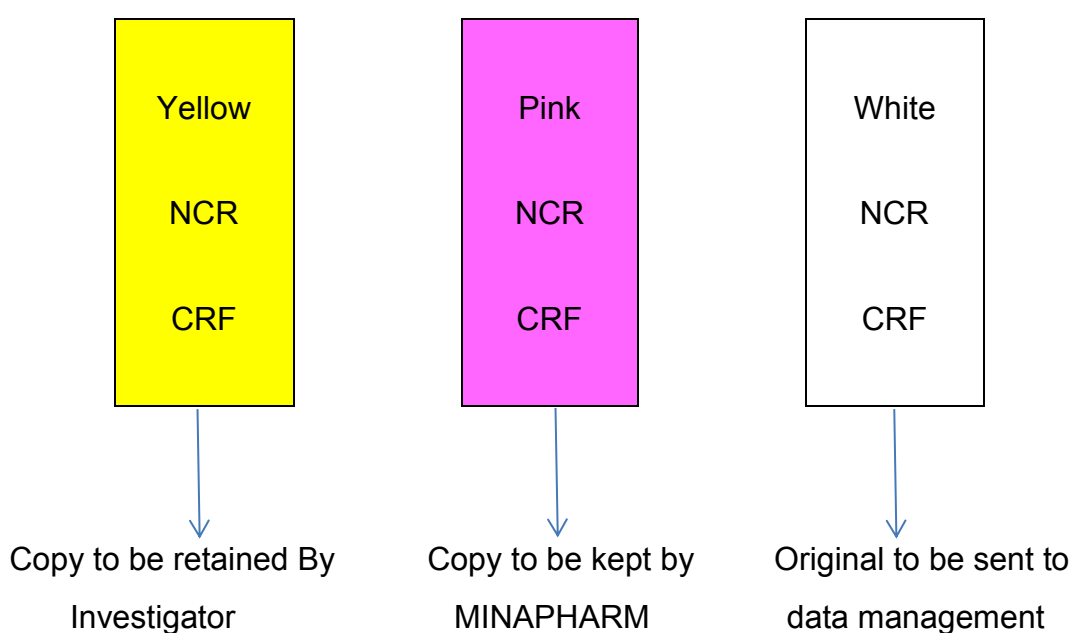

Patients' Numbering;

Enter Patients' Group (A, B, or C), then patient's number (from 001 to 297), e.g.

| | | | | |
|--------------|---|---|---|---|
| Patient's N° | A | 0 | 0 | 5 |
|--------------|---|---|---|---|

No Carbon Required (NCR) CRF

The White original and the pink NCR CRF Will be retrieved by Minapharm personnel during his / her visit to the center. The yellow NCR card will be retained by investigator folder at the site

A study population of 297 patients with compensated chronic Liver Disease, will be randomized according to fibroscan in screening visit into 2 groups:

- Group 1: with non-cirrhosis, F0, F1 and F2.
- Group 2: with advanced fibrosis and cirrhosis, F3 and F4

Subjects will be randomized into the 3 treatment groups with a balanced ratio of 1:1:1

- Group A (Experimental group), will receive Ursoplus® capsules (UDCA 250mg & Silymarin 140mg) = 99 subjects
- Group B (Control group 1), will receive Ursofalk® capsules (UDCA 250mg) = 99 subjects
- Group C (Control group 2), will receive Placebo = 99 subjects

Screening Visit
Initiation Visit

Child-Pugh Score Calculation:

The score employs five clinical measures of liver disease. Each measure is scored 1-3, with 3 indicating most severe derangement.

| Measure | 1 point | 2 points | 3 points |
|--|----------|--|------------------------------|
| Total bilirubin, $\mu\text{mol/l}$ (mg/dl) | <34 (<2) | 34-50 (2-3) | >50 (>3) |
| Serum albumin, g/dl | >3.5 | 2.8-3.5 | <2.8 |
| Prothrombin time prolongation (secs) | <4.0 | 4.0-6.0 | > 6.0 |
| Ascites | None | Mild | Moderate to Severe |
| Hepatic encephalopathy | None | Grade I-II (or suppressed with medication) | Grade III-IV (or refractory) |

In primary sclerosing cholangitis (PSC) and primary biliary cirrhosis (PBC), the bilirubin references are changed to reflect the fact that these diseases feature high conjugated bilirubin levels. The upper limit for 1 point is 68 $\mu\text{mol/l}$ (4 mg/dl) and the upper limit for 2 points is 170 $\mu\text{mol/l}$ (10 mg/dl).

Chronic liver disease is classified into Child-Pugh class A to C, employing the added score from above.

Inclusion/ Exclusion Criteria

| Inclusion Criteria | | Yes | No |
|--|---|--------------------------|--------------------------|
| The following criteria MUST be answered YES for participant to be included in the trial: | | | |
| 1. | Male or female patient aged ≥ 18 | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. | Subjects with Compensated Chronic Liver Disease, defined as child 5-7. | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. | Patients with mild disturbance of liver biochemical profile (Elevated Total Serum Bilirubin ≤ 3 mg/dl, or elevated Direct Serum Bilirubin ≤ 2 mg/dl, or elevated one or more of liver enzymes up to 3 times of the normal level (Alanine Transaminase (ALT), Aspartate Aminotransferase (AST), Alkaline Phosphatase (ALP) & Gamma Glutamyl Transpeptidase (GGT)). | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. | Non-diabetic subjects and subjects with Controlled DM-type 1 and 2 patients, HbA1C up to 7.5% | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. | Non-pregnant or lactating female patients | <input type="checkbox"/> | <input type="checkbox"/> |
| 6. | Subjects who are willing to sign Informed Consent Form and ready to comply with the protocol for the duration of the study | <input type="checkbox"/> | <input type="checkbox"/> |

| Exclusion Criteria | | Yes | No |
|---|---|--------------------------|--------------------------|
| The following criteria MUST be answered NO for participant to be included in the trial: | | | |
| 1. | Subjects with a history of hypersensitivity to any of the ingredients of the medication being studied | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. | Subjects with positive PCR in the past 6 months | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. | Subjects with positive Hepatitis B surface antigen (HBsAg) | <input type="checkbox"/> | <input type="checkbox"/> |

page

Study Completion

Did participant complete the trial?

☐ **Yes**, Please provide **date of last day**:

___ / ___ / 20__

(DD / MMM / YYYY)

☐ **No**, Please provide **date of withdrawal** and complete below:

___ / ___ / 20__

(DD / MMM / YYYY)

Early Withdrawal: please tick most appropriate reason for participant not completing the trial:

☐ **Adverse Events related:** please state related AE: _____ (add details to AE page)

☐ **Participant's decision, specify:** _____

☐ **Investigator's decision, specify:** _____

☐ **Sponsor's decision**

☐ **Lost to follow up**

☐ **Patient deceased**

☐ **Ineligibility (either arising during the study or retrospective having been overlooked at screening)**

☐ **Significant protocol deviation**

☐ **Significant non-compliance with treatment regimen or study requirements**

☐ **Disease progression which requires discontinuation of the study medication or results in inability to continue to comply with study procedures**

☐ **Consent withdrawn.**

☐ **Pregnancy or discontinuation of contraception**

☐ **Other, specify:** _____
