

Official Title: A Meditation Intervention on Subconcussive Head Impacts

NCT04225663

IRB-approved date: 7/27/22

You are being asked to sign this addendum because you are participating in a research study at Wake Forest Baptist entitled A Meditation Intervention on Sub-Concussive Head Impacts.

You do not have to sign this addendum to remain in the study.

PURPOSE OF THIS ADDENDUM

The purpose of this addendum is to inform you that your data from the Sway Medical app that obtained your balance and cognitive information will be shared with this study conducted at Wake Forest Baptist.

Except for the updated information above, the terms of your original consent form remain in full effect. You will receive a copy of this signed addendum.

QUESTIONS REGARDING THIS ADDENDUM

If you have any questions or concerns regarding this addendum, please contact Christopher T. Whitlow at [REDACTED] (after hours, contact William Flood at [REDACTED]).

If you have any questions, suggestions or concerns about your rights as a volunteer in this research, contact the Institutional Review Board at [REDACTED] or the Research Subject Advocate at Wake Forest at [REDACTED].

STATEMENT OF CONSENT

The purpose of this addendum has been explained to me. I have been allowed to ask questions, and my questions have been answered to my satisfaction. I have read this addendum and agree by signing below, with the understanding that I may withdraw at any time. I have been told that I will be given a signed and dated copy of this addendum.
