ease initial box 1. I confirm that I have read the information sheet dated (version......) for the **CArBON** study. I have had the opportunity to consider the information, ask questions and have had these answered to my satisfaction. 2. I understand that my participation is voluntary and that I am free to withdraw at any time without giving any reason, without my medical care or legal rights being affected. 3. I understand that the information collected about me will be used to support other research in the future and may be shared anonymously with other researchers in the UK and abroad. 4. I understand that anonymised study results will likely be presented to the scientific community (including publication and presentation). Please answer YES/NO 5. I understand that relevant sections of my motorsport records may be looked at by members of the study team (including medical notes, previous concussion assessments and accident data). I give permission for these individuals to access my records.

6. I understand that relevant sections of my medical notes may be looked at by members of study team, or from regulatory authorities where it is relevant to my taking part in this research. I give permission for these individuals to have access to my records, including contact with my GP.
