Participant Identification Number: \_\_\_\_\_

*Virtual Reality in Outpatient Colposcopy: A novel method of reducing patient anxiety and pain scores*

Name of Principle Researcher: Dr Victoria Braden

Please initial boxes

1	I confirm I have read and understood the patient information sheet (date / version number) about the procedures and purpose of Virtual Reality in colposcopy and what my involvement will be.	
2	I have had the opportunity to ask questions and the researcher has answered my questions to my satisfaction	
3	I understand that my participation is voluntary and I am free to withdraw from the study at any time without giving any reason, without my medical care or legal rights being affected	
4	I understand that my involvement in this study will involve me completing a questionnaire prior my procedure, receiving the colposcopy with or without the Virtual Reality headset, and completing a post procedure questionnaire	
5	I understand and give permission that relevant parts of my medical notes may be looked at by medical researchers as part of the project. I give permission that the anonymised data taken can be stored for use in future research into colposcopy	
6	I agree to take part in the above study.
