The data from the study will be stored in a register and processed. Your answers and your results will be processed so that unauthorized persons cannot access them. During the data processing, your data will be coded, so that an individual cannot be distinguished. Only the person responsible for the study has access to the "code key". As data from the study may be published, individual individuals will not be able to be identified.

I agree that coded data about my person may be stored and processed electronically
